KHABAROVSK KRAY FULFILLS JANUARY PLAN  
BUT KOMSOMOL'SK PLANTS FAIL

CHIEF KOMSOMOL'SK ENTERPRISES LAG -- Tikhookeanskaya Zvezda, No 40, 18 Feb 49

Enterprises in the city of Komsomol'sk, particularly the "Amurstal" Plant, have not been fulfilling the plans in respect to types of goods produced, although they have completed gross production plans. The "Amurstal" Plant is not producing sufficient steel to meet the needs of the shipbuilding industry of Khabarovsk Krai with the result that shipbuilding enterprises have had to import large quantities of steel from the southern regions of the USSR.

The Komsomol'sk Shipbuilding Plant has not been fulfilling plans in respect to types of production and continually holds up shipments to the Khabarovsk Plants imeni Gork'iy and imeni Kaganovich, thereby delaying their work. The Komsol'sk Machine-Building Plant has been lagging in the completion of many important orders over the past 3 years. Losses from defective production amounted to nearly 9 million rubles in 1948 in three Komsomol'sk plants, the machine-building, accumulator, and "Amurstal" plants. (From an article on the 13 December 1948 decree of the TsK VEP(b) concerning the auditing report of the Khabarovsk Kray Committee VEP(b), by R. K. Nazarov, secretary, Khabarovsk Kray Committee VEP(b).)
